

\$500,000 Green Building Fund Grant

Are you Concerned with the Energy Cost in your Commercial Office Building?
Do you plan to increase the Building Energy Efficiency to Save Money?
Would you like the Government to PAY for it?

Green Building Fund Grant

The Green Building Fund aims to reduce the impact of Australia's built environment on green house gas emissions by reducing the energy consumed in the operation of commercial office buildings.

The \$50k - 500k grant is for owners of existing commercial office buildings who will retro-fit and retro-commission these buildings to reduce base building energy consumption.

Funded Activities

Grants could be used for:

- Upgrades to common area lighting
- HVAC systems
- Building fabric upgrades (glazing and shading)
- Installation of new or recommissioning existing monitoring equipment, building automation systems, and control systems linked to improving

Who We Are

Grant Solutions is a boutique consulting firm specialising in obtaining competitive government funding for businesses and community groups.

Why Use Our Services

Government grants are highly competitive, attracting vast number of applications (sometimes 5000+ in each funding round). Despite spending valuable resources, jumping through hoops and filling out mountains of paperwork, most building owners are unsuccessful in obtaining funding.

We change this. By engaging our services, building owners are almost **guaranteed** funding. We work on a **success** basis and receive a fee equivalent to a percentage of the successful grant. We have previous experience in working within government and filling out similar forms are therefore familiar with the application guidelines.

New Client Deadline ASAP!
Applications Close Jan 12, 2010

This grant is **ideal** for building owners that will undertake energy saving projects in early 2010 and are currently planning for these projects.
