

# R&D Tax Concession

**Did your business incur significant R&D Expenditure in the last financial year?  
Do you want to get some of that money back ... and improve your cash-flow?**

**FACT:** You get up to 37.5% of your R&D expenditure back in Cash!

## R&D Tax Concession

The R&D Tax Concession is the principal Commonwealth Government initiative to increase the amount of research and development (R&D) undertaken in Australia. The aim is to encourage innovative, competitive and export-oriented Australian industries.

After registering with Innovation Australia, companies can claim the concession by completing the Australian Taxation Office R&D Tax Concession Schedule and the relevant labels in their tax return.

## What are the Concessions

- Tax deduction of up to 125% of qualifying R&D expenditure
- R&D incremental (175% Premium) tax Concession in certain circumstances
- R&D tax offsets for companies with group turnover under \$5 million and a grouped expenditure of up to \$1 million for the year

## Who We Are

Grant Solutions is a boutique consulting firm specialising in obtaining competitive government funding for businesses and community groups.

## Why Use Our Services

Government grants are highly competitive, attracting vast number of applications (sometimes 5000+ in each funding round). Despite spending valuable resources, jumping through hoops and filling out mountains of paperwork, most building owners are unsuccessful in obtaining funding.

We change this. By engaging our services, business owners are almost **guaranteed** funding. We work on a **success** basis and receive a fee equivalent to a percentage of the successful grant. We have previous experience in working within government and filling out similar forms are therefore familiar with the application guidelines.

**New Client Deadline ASAP!  
Registration Close 30 April, 2009**

Applications must be lodged annually within 10 months of the end of the company's year of income. Even if you missed out, still contact us for next year
