

# R&D Tax Concession

*“How To Get **37.5%** of Your Eligible R&D Expenditure Back in Cash!”*

## Grant Money Comes from Your Taxes

- Each Year:
  - Billions are collected in company **taxes**
  - Billions are allocated for **grants**

- You need grants just to be **even**

*“If you’re not getting **your share** of grants, your competitors **are!**”*

## R&D Tax Concession - Benefits

- Each \$1 of R&D expenditure provides a \$1.25 tax deduction
  - \$100K in R&D expenditure can save you \$7.5K in tax!
- Offset gives you up to 37.5% of R&D expenditure back as a cash payment
  - Spending \$200K in R&D could get you \$75K back in cash!

*“That’s **additional** funding for your business!”*

## Good News

- Funding is **NOT** competitive...
- No **cap** on claimable amount
- No **additional** spend is required

*“If you’ve spent money on R&D activities, you could get up to 37.5% of it back in cash from the tax office”*

## Bad News

- 500+ pages of guidelines (changes each year)
- Accountants are often unaware of these benefits
- Applying is a complex process
- Errors **leave** money on the table

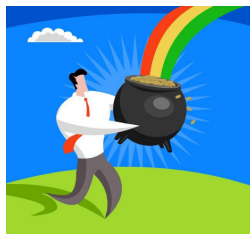

*“Each year companies miss out on R&D benefits because they are either **unaware** or **unable** to claim them”*
